# INCIDENT MANAGEMENT SITUATION REPORT THURSDAY, JULY 18, 1996 - 0530 MDT NATIONAL PREPAREDNESS LEVEL III

#### \*\*\* SAFETY COMES FIRST ON EVERY FIRE, EVERY TIME \*\*\*

CURRENT SITUATION: Initial attack and large fire activity has diminished throughout the West. Good progress was made on existing large fires with containment objectives met. No problems are anticipated on the new fires reported.

# Northwest Large Fires:

EAST FORK, Oregon State. This fire is burning in grass, sage and ponderosa reproduction 13 miles south of Dayville, OR. Gusty winds caused the fire to make afternoon runs. Firefighters were able to stop the spread of the fire by late afternoon and additional resources ordered were cancelled.

STREET CANYON, Oregon State. This fire is burning in brush and juniper 3 miles northeast of Monument, OR.

Southwest Area Large Fires: Two fires are in a confinement suppression strategy totalling 19,736 acres.

Alaska Large Fires: Twenty-seven fires are in a limited suppression strategy totalling 342,066 acres.

#### OUTLOOK:

\*\*\* A RED FLAG WARNING IS POSTED IN MONTANA FOR DRY THUNDERSTORMS, \*\*\*

\*\*\* VERY LOW HUMIDITIES AND AN ABRUPT WIND SHIFT BEHIND A COLD FRONT. \*\*\*

A deep and very cool upper level trough along the northwest coast is producing a strong southwest flow aloft with windy and dry conditions in Idaho, Montana, Nevada, Utah and western Wyoming. The associated cold front is pushing east and will extend from central Idaho to central Montana by this afternoon. Montana will have scattered dry thunderstorms. Thunderstorms will be isolated to widely scattered in Arizona, Idaho and western Wyoming. New Mexico and Colorado will continue to have scattered thunderstorms. High temperatures in the West will range from the 60's in the northern Rocky Mountains to near 111 in the desert Southwest. Increased fire activity is expected in the Northern Rockies due to Red Flag conditions.
